Date of Interview:

February 8, 2007

On February 8, 2007, the WITNESS was interviewed at his residence by [REDACTED]. The WITNESS was interviewed as part of the Potentially Responsible Party search currently being conducted under Task 0001 Site 20 involving the Chem Fab, Inc. Site in Bucks County, Pennsylvania (the "Site.") The WITNESS was provided with a copy of the letter of introduction, advised of the nature of the questions to be asked and that the interview was voluntary. No other persons were present, and the interview was not tape recorded.

During the course of this interview, the WITNESS responded to questions based on guidelines provided by the United States Environmental Protection Agency for area residents.

The WITNESS was shown photographs of the Site and these photographs were used throughout the interview as a reference. A copy of these photographs will be forwarded under separate cover.

The WITNESS was asked to describe his knowledge or association with the Chem Fab, Inc. Site located at 300 North Broad Street, Doylestown, Pennsylvania (CFI). The WITNESS was also asked if he had any knowledge of businesses operated by Manfred De Rewal.

The WITNESS stated that [REDACTED]

The WITNESS stated that Manfred De Rewal, Sr. (A/K/A Fred De Rewal) was the owner-operator of this company. The WITNESS stated that he had been told by Fred De Rewal that Revere collected liquid waste from industrial locations throughout the United States. The WITNESS stated that De Rewal told him that this waste was transported to the Revere plant, where the waste was neutralized and disposed of safely.

The WITNESS stated that Revere operated from approximately 1958 to 1969. The WITNESS stated that in 1969 the State of Pennsylvania closed the Revere plant and forced De Rewal to cease operations. The WITNESS stated that this closure of the plant was a result of De Rewal getting caught dumping liquid waste on the Revere property.

When asked how many trucks De Rewal operated to pick up and transport waste, the WITNESS stated that De Rewal owned and operated approximately six tractor trucks and

approximately six tankers. The WITNESS described the tankers as trucks with an 8,000 to 10,000 gallon capacity.

The WITNESS stated that he had been told by De Rewal that De Rewal employed numerous independent owner-operators who operated tanker trucks.

The WITNESS stated that he was [REDACTED] salesman employed by [REDACTED] during the time period that De Rewal operated the Revere Plant. The WITNESS stated that he [REDACTED]
The WITNESS stated that [REDACTED]

The WITNESS explained that he became friends with some of the drivers who worked for De Rewal and was told several examples about how De Rewal disposed of liquid waste by these drivers.

When asked to explain these examples, the WITNESS stated that numerous truck drivers employed by Revere told him that a truck driver was paid a bonus of \$300 if he returned from a pick-up with an empty tanker.

The WITNESS stated that one of the Revere drivers, John Schumann, had told the WITNESS that he usually released the waste that he picked up at a rest area located on the south bound side of I-81 when returning from New York State. The WITNESS stated that Schumann was caught dumping liquid waste at the rest stop and was fined. The WITNESS could not recall when this occurred.

When asked if he had been told where this waste had been picked up by Schumann, the WITNESS stated "yes" and provided the following:

- IBM Plant located in Endicott, New York.
- Kodak Chemicals located in north New York State.

The WITNESS stated that he did not know what type of waste Schumann picked up at these locations.

The WITNESS stated that in approximately 1967 he became very concerned about De Rewal dumping liquid waste [REDACTED] The WITNESS stated that he observed a pipe coming from a trailer located behind the Revere plant. The WITNESS stated that he observed a rubber garden hose connected to the pipe and a sprinkler connected to the end of the hose. The WITNESS described the sprinkler as the type used to water lawns. The WITNESS stated that the sprinkler would spray a liquid on the trees and shrubs behind the Revere plant. The WITNESS stated that all of the shrubs and trees died within two months of being sprayed. The WITNESS stated that he began complaining about the dying trees to Ottsville Township, until they took action and started the process to have the plant shut down.

When asked the names of employees or subcontractors of Revere Chemical Company, the WITNESS provided the following:

- John Schumann: Deceased.
- [REDACTED]: The WITNESS stated that [REDACTED] and went with De Rewal when Revere was closed down and De Rewal opened another operation at the Boarhead Farm.
- [REDACTED]: The WITNESS stated that [REDACTED] was an independent operator that subcontracted to De Rewal. The WITNESS stated that [REDACTED] operated a tractor truck and could haul with a flat bed or a tanker.
- [REDACTED]: The WITNESS stated that [REDACTED] was a close friend of De Rewal and was involved with De Rewal when De Rewal was caught operating a meth lab.
- [REDACTED]: The WITNESS stated that [REDACTED] was a truck driver for Revere and went with De Rewal when De Rewal opened the Boarhead operation.
- [REDACTED]: Revere truck driver now deceased.
- [REDACTED]: Revere truck driver now deceased.

The WITNESS stated that De Rewal had a large number of children and that two of his sons, Manfred, Jr. and Bruce De Rewal, worked with their father. The WITNESS stated that he believed that both of these sons are currently in jail in Pennsylvania.

The WITNESS was asked if he had any knowledge of the Chem Fab Plant located in Doylestown, Pennsylvania. The WITNESS stated "no." The WITNESS stated that he had heard from numerous truck drivers that had worked for De Rewal that De Rewal dumped waste anywhere he could. The WITNESS stated that after De Rewal was closed down at Revere, he opened the operation at Boarhead and a dump site in Frenchtown, New Jersey. The WITNESS stated that he had been told that De Rewal had been caught dumping liquid waste down a toilet at the Frenchtown location.

The WITNESS was provided with following list asked if he had any knowledge of these individuals or companies transporting or disposing of waste at CFI.
